For the purpose of this risk assessment, the following definitions shall be used;

Hazard - The potential for harm of injury arising from an activity including the use of equipment needed to carry out that activity.

Risk - The likelihood of harm or injury occurring due to that hazard.

***RISK LEVEL**

Low - Can be performed unsupervised following basic training.

Medium - Can be performed with supervision following training.

High - Must be qualified and trained; special supervision arrangements must be made.

Very high - Requires specialist expertise. Do not proceed with activity.

This risk assessment was carried out in April 2021.
